

Jamie Foxx, Just Like Me

(Intro: T.I.)

Say Foxx? (Yeah... eah... eah...)

I had-I had a chick man-

(Yeah... eah... eah...)

She went and did me real

wrong, I mean (Yeah... eah... eah...)

I did the same thing to her but-

She aint have no right to do

me like that though dawg, for

real (Yeah... eah... eah...)

(Verse 1: Jamie Foxx)

You, been seeing him, and I know

And I was with her, and you knew about it

But I was too bli-I-ind to see it baby

And you was out here doing

the same thing as me

I wanna ask, has he been by the crib?

Has he been in our, car?

And did you let him, drive?

Cause she's been by the house

She's been in the car

Ive even let her push the

Porsche around a couple times

Ohh, we were so the same

I dont know why I cant see it baby

And it aint a point to feeling blue

youre just like me and Im just like you

(Chorus: Jamie Foxx)

youre just like me

Shorty all up in the club

Popping bottles of that Bud

Giving all them dudes hugs

And you just like me

She dont know how to act

On the floor back in the back

Man I cant be mad dapslyrics

She just like me-e-ee-e-e

She just like me-e-ee-e-e

She just like me-e-ee-e-e

She just like me...

(Verse 2: Jamie Foxx)

Now it aint so easy for me

to be imagining what you been doing baby

So I dont even have to ask (No)

Cause you aint the only one

that keeping secrets baby

So really, no sense in me playing "bye"

And I, cant stay up though

Cause I did you wrong

And I was on some kush

When I let that *** up in our home

She's out from us just like me

And she played the game

like one of my homies

Ohh, we were so the same

I dont know why I can see you baby

And it aint a point to feeling blue

youre just like me and Im just like you

(Chorus: Jamie Foxx)

youre just like me

Shorty all up in the club
Popping bottles of that Bud
Giving all them dudes hugs
And you just like me
She dont know how to act
On the floor back in the back
Man I cant be mad
She just like me-e-ee-e-e
(Getting money, having fun, man she)
Just like me-e-ee-e-e (In the club,
throwing ones, man she)
Just like me-e-ee-e-e (24's on the Range)
Just like me... (Go on shawty do your thang)

(Bridge: T.I.) Hey!
Shawty who you fooling?
You know Im way too cool for you
To run that game when we play me
Trying to do me like I be doing you
Say you heard I was screwing her
Just like I hear he doing you
Why you worry about me doing me
I see you doing you
I can make her better though
You gon let him ruin you
Just for the record
Know, I wouldn't have her
unless I could have the two of you
I know why he pursuing you
That booty do be moving boo
Late night, straight pipe
That aint nothing new to you
Wait a minute
cant tell me

Wanna tell me
Something tell me this
If I woulda never woulda hit that chick
Would you even ever know that dude existed? Naw.
Got me twisted
Yo ass goodbye Ive kissed it
Now you all on his ***
Shawty look at this ***

(Chorus: Jamie Foxx)
Just like me
Shorty all up in the club
Popping bottles of that Bud
Giving all them dudes hugs
And you just like me (You know
I was wrong shawty)
She dont know how to act
On the floor back in the back
Man I cant be mad
She just like me-e-ee-e-e
(You dealing with a man with
an ego, you know?)
She just like me-e-ee-e-e
She just like me-e-ee-e-e
She just like me...
