

# Jamie Foxx, Three Letter Word

[Spoken Jamie:]

Yo you sleep  
Naw I just um, I think I want some more  
Yea I know we just got through  
But its just so good, I just caint help it tho  
Its something about your body  
Naw it aint all I think about  
Well to be honest, oh

[Verse:]

Im startin' to believe,  
Something's wrong wit me,  
Cause everyday, every night, every hour, every minute  
I'm thinkin' 'bout it  
I can be at my job, in my car, up in church  
And when I try to pray it off, it won't work  
It seems that I caint get enough of

[Chorus:]

(Sex) All the time  
(Sex) On my mind  
(Sex) Everywhere I go  
(Sex) I'm tryna let you know  
(Sex) It's stronger than any drug even love  
S-E-X ohhheee  
(Sex) Can make you crazy  
(Sex) Can make a baby  
(Sex) All night long  
(Sex) It's the perfect song  
(Sex) Stronger than any drug even love  
S-E-X oh

[Verse:]

Its getting to the point where I (where I)  
I watch it on TV when I buy DVDs  
Thirty-nine ninety-nine for the new releases (39.99 for the new releases)  
I aint proud of it, cause it's getting in the way of love for me  
And I caint help it, caint shack it  
(You know what) Sometimes I hear it calling me

[Chorus 1X]

[Hook:]

Some call it bad, some call it good  
Some do it bourgeois, some do it hood  
I do it hood (can I say that one more time) girl I do it hood ohh

Some like it slow, some like it fast  
It don't mater the tempo long as it lasts  
I make it last (can I say that one more time) girl I make it last ohh

[Chorus until end]
