

# Jamiroquai, (Don't) Give Hate A Chance

Why can't we be together  
Can't you love me, don't hate me  
I don't see why can't we live together  
Baby we can get it on  
Maybe we can get along  
Assure me, oh destiny  
There's a cold streak living inside us  
There's no rainbows, just bullets and bones

And if you wanna rise up  
We can make this hate stop  
Now, don't you wanna rise up?

We've been giving hate a chance  
We got all this love to give, you know  
And my love will be running out for us  
Can't you feel that there's a life  
That hope that we can still survive  
As the wind carries every different way

So why do we see these colours  
It's only skin deep, don't mean a thing  
So clear, I don't need this with or others

Can't you see its killing us  
Can't you see its killing us  
Can't you see its killing me  
Trigger happy fantasies  
So stand up and be so strong now  
Freedom is not so far away  
If you know you wanna rise up  
We can make this hate stop  
Now, don't you wanna rise up?

We've been giving hate a chance  
We got all this love to give you know  
And my love will be running out for us  
Can't you feel that there's a life  
That hope that we can still survive  
As the wind carries every different way

The wind carries every different way  
The wind carries every different way  
Every different way

Now you've been taking  
Our dignity for too long  
I want to save this certainty that we hold  
And who's right and who's wrong  
We're not so different anyway  
Words are in this song  
Can't we stop the fighting? 'cause

We've been giving hate a chance  
We got all this love to give you know  
And my love will be running out for us  
Can't you feel that there's a life  
That hope that we can still survive  
As the wind carries every different way

Don't give this hate a chance  
We got all this love to give, you know  
And this tree of life will still survive  
Until no more people have to cry

I say, don't give this hate a chance  
We got all this love to give, you know  
And this tree of life will still survive  
Until no more people have to cry

I say, don't give this hate a chance  
We got all this love to give, you know  
And this tree of life will still survive  
Until no more people have to cry
