Jamiroquai, Little L

There you were freaking out, Trying to get your head around the fact that me and you and love is dead See how I'm trippin out 'cause you can't decide what you really want from me

Why does it have to be like this? I can never tell You make me love you, love you baby With a little L

There you were shouting out Cranking up your altercations, getting upset in your desperation Screaming and hollering How could this love become so paper thin?

You're playing so hard to get You're making me sweat just to hold your attention I can't give you nothing more If you ain't givin' nothing to me

Don't you know that

you make me love you, love you baby with a little L why does it have to be like this I can never tell

Seems like you're stepping on the pieces of my broken shell 'cause you make me love you, love you with a little L you know that's the way you make me love you yeah

Why does it have to be like this? I can never tell You make me love you, love you baby With a little L.
