Jane's Addiction, Slow Divers

she said "do you think you could?" and i said "yea, yea in a second"

i'm sitting by a waterfall and when the people jump in they hold their nose and kiss these walls granite walls, water polisshed walls

just don't ever wanna move from this spot i could sit here for so long and there's a slide sui-slide you coud live or die going down, going down

boy came to the slide
we said
"you want to go down that slide?"
he said
"no, man, hey you got a joint to sell me?"
"we just smoked one, but we got a roach"
we said
"i'll smoke the roach"
"but first go down that slide, man, go on down"
going down, going down

you know the plants on the rocks are crazy thinking that they could start a life of their own on the spiral walls of the waterfall

slow divers their view is spectacular

sitting by a waterfall couldn't bare to watch the people slip and fall...
