

# Jane's Addiction, Whores

Way down low where the streets are littered  
I find my fun with the freaks and the niggers  
I dont want much man give me a little  
Or Im gonna take my chances if i get 'em

I love them whores they never judge you  
What can you say when your a whore?  
They cast that pearl and it don't upset 'em  
They take their chances if they get 'em

Hear me go off!  
Give me some more!  
Mother fucker!  
Need a little more  
Goddamn you!  
Give me some more!  
Mother fucker!  
Give me some more!

You give me breadcrumb uh - hu  
I'm tired of living the bosses' dream  
They'll squeeze you dry man if you let em  
Better take your - take your - take your chances if you get em

Hear me go off!  
Give me some more!  
Mother fucker!  
Need a little more  
Goddamn you!  
Give me some more!  
Mother fucker!  
Give me some more
