

Janel Parrish, Rainy Day

I wake up in the morning
Remember that you're gone
I wondered where the sun went
The rain is falling now
And I'm awake on this
Rainy day and I'm
Watching as my tears fall down the window pane
Yeah Yeah
Didn't I baby
Treat you right?
And I watch the rain it makes us pure again
yeah yeah yeah yeah
I tried to come and see you
But you wont let me in
I know we've had our moments
But can we start again?
Cuz I'm awake on this
Rainy day and I'm
Watching as my tears fall down the window pane
Yeah yeah
Didn't I baby
Treat you right?
And I watch the rain it makes us pure again
yeah yeah yeah
And tell me how I'm gonna live without you
Feel like my world is falling apart
I watch the rain
Falling again
Wash away
Wash away
I'm awake on this
Rainy day and I'm
Watching as my tears fall down the window pane
Yeah yeah
Didn't I baby
Treat you right?
And I watch the rain it makes us pure again
Yeah yeah yeah yeah
Yeah yeah oh
