

Janelle Monae, Yoga (ft. Jidenna)

Party at the beach down in Copacabana
Sipping Gily fish, got my black yoga pants on
Me and Brittany, we've been down in Atlanta
Sweating in the club, call me Dirty Diana
Flexing like a yogi, drop it down with your hands up
Do a handstand, bend it back, put your legs up
I ain't got no worries, I'm my own private dancer (dancer)
My own private dancer

I wanna last, wanna last forever
I wanna dance, wanna dance all night
I wanna last, wanna last forever
I wanna dance, dance, dance all night
Baby bend over, baby bend over
Baby bend over, let me see you do that yoga
Baby bend over, baby bend over
Baby bend over, let your booty do that yoga

Crown on my head but the world on my shoulder
I'm too much a rebel, never do what I'm supposed
Bend it never break it, baby watch and I'ma show, ya
Stretching on my cash, got my money doing yoga
Sometimes I'm peachy, and sometimes I'm vulgar
Even when I'm sleeping I got one eye open
You cannot police me, so get off my areola (ola)
Get off my areola

I wanna last, wanna last forever
I wanna dance, wanna dance all night
I wanna last, wanna last forever
I wanna dance, dance, dance all night
Baby bend over, baby bend over
Baby bend over, let me see you do that yoga
Baby bend over, baby bend over
Baby bend over, let your booty do that yoga

I said yoga, she did that yoga
Looking for my loafers, man I woke up in a toga
She love my collar on like she my owner
So when she downward dog I jump up on her
I lo-lo-love the way you bend it, oh Lord I'd love to break you in
Oh, Lord I'd stretch you out and in, oh Lord now you should tell a friend
Oh, Lord I pray, I pray that young girl come on over
And let they bum-bum do that yoga

I wanna last, wanna last forever
I wanna dance, wanna dance all night
I wanna last, wanna last forever
I wanna dance, dance, dance all night
Baby bend over, baby bend over
Baby bend over, let me see you do that yoga
Baby bend over, baby bend over
Baby bend over, let your booty do that yoga
