

Janet, Fast Girls

Fast girls are true, they're all you really need
No one that stands more responsibility
If you're afraid 'bout havin' to get too deep
Let me, baby, cure your insecurities

Chorus:

Fast girls, a physical attraction
Fast girls, a one on one reaction
Fast girls, true love is guaranteed
Fast girls are all you really need
Fast girls is true like angels in the mornin'
Disappear without a warning
Kinda strange that I can't deny
Sweet and fast, you'll never ever say goodbye

Repeat Chorus

Breakdown

Fast girls like to take your breath away
Words of love, not affairs of yesterday
If strange desires are toying with your fate
Fast love baby will never let you wait
Repeat Chorus
