## ISLAND LIFE

Come into this sacred and erotic dream  
It's a world I know you wanna share  
Baby, let's indulge in things that set our bodies free  
Promise me that you will meet me there  
What better way (better way)  
Than to wind down (wind down)  
On streets paved in harmony  
I like the sexy sounds (sexy sounds)  
From the DJ (from the DJ)  
Damn I think he's spinning this one for me  
Island in the sun  
Just you and I will go  
Ride into the wave like echo  
When I hear that song  
I wanna be with you  
Headed for the nightlife echo  
Close my eyes and there you are in front of me  
Takin' me to where I wanna go  
Baby, from my little shop of curiosities  
Boy I'll show you all you need to know  
Come on baby  
What better way (better way)  
Than to wind down (wind down)  
On streets paved in harmony  
I like the sexy sounds (sexy sounds)  
From the DJ (from the DJ)  
Damn I think he's spinning this one for me  
Island in the sun  
Just you and I will go  
Ride into the wave like echo  
When I hear that song  
I wanna be with you  
Headed for the nightlife echo  
What better way (better way)  
Than to wind down (wind down)  
On streets paved in harmony  
I like the sexy sounds (sexy sounds)  
From the DJ (from the DJ)  
Damn I think he's spinning this one for me  
(This one's for me)  
Island in the sun  
(Island in the)  
Just you and I will go  
(Just you and I)  
Ride into the wave like echo  
(Ride a wave...like echo)  
When I hear that song  
(When I hear)  
I wanna be with you  
(Be with you)  
Headed for the nightlife echo  
(Ohhh island life that's so)  
Island in the sun  
(Just you and I will go)  
Just you and I will go  
(Into the wave...into the wave)  
Ride into the wave like echo

When I hear that song
