

# Janet Jackson, Spending Time With You

I close my eyes and fantasize  
And I just imagine  
A tropical island  
We're all alone  
Our pagers and cell phones shut off  
Hot sunny heat  
Cool ocean breeze  
The sand beneath our feet  
The crashing waves are like music  
Found a place to sleep  
Passion fruit to eat  
Use all our energy  
Under the moonlight making love

[Chorus:]  
I don't think nothing can compare  
Nothing better than  
(Time)  
Nothing better than  
(Or anywhere)  
Nothing better than  
(Cause I'm)  
Spending time with you  
Nothing better than  
(As friend)  
Nothing better than  
(I'm so content)  
Nothing better than  
(Cause I'm)  
Spending time with you

You are my angel  
Heaven is close  
My favorite place is where you are  
So we don't have to do nothing special  
Don't wanna run  
It's always fun to chill at home  
Monday through Friday  
Sexy Saturday  
Easy Sunday  
Cause every day's a special one  
Just like a holiday  
Vacation getaway  
After the foreplay  
Go room to room making sweet love

[Chorus]

[Bridge]  
I need time  
Morning, noon and night  
Just keep it coming, baby  
Just keep me coming, baby

[Chorus 2x]
