

Janet Jackson, You Can Be Mine

You can be mine
You can be mine
You can be mine
You can be mine

Hey baby
I like your style
I like to hang around
If your good, the pleasure's mine
I like to
You be mine

You can be mine
Ain't that good?
You can be mine
You can be mine
You can be mine
Wish you would
You can be mine
You can be mine

Not in front
Never behind
Always just right on time
Always thinkin' man with a mind
Ready to please me
That's my type

You can be mine
You're so good?
You can be mine
You can be mine
You can be mine
Wish you would
You can be mine
You can be mine

You can be mine
Make a move
You can be mine
You can be mine
You can be mine
I really wish you would
You can be mine
You can be mine
Watcha gonna do?

Better get on your job,
time to go to work,
if you want to be mine
Better get on your job,
time to make me happy,
if you want to be mine

Clap your hands, uh!
Be mine

You can be mine
You're so good
You can be mine
You can be mine
You can be mine
I really wish you would
You can be mine

Be mine

You can be mine
Make a move
You can be mine
Should be mine
You can be mine
Yeah yeah
You can be mine
Should be my baby

Jellybean
Jellybean
Jellybean
Jellybean

Aaow!
Ah!
I can't believe this
Just look what he's doing to be mine
Haha, you get a kick out of it

Baby you can be mine
You can be mine

Fellas help me out
That's good
Can I hear that line one more time?
Woo!
Yeah!
Hey!
Hey!
