

Jasmin Tabatabai, Let Yourself Go Wild

I know you want it
I know you fear it
I know you need to
But still you fear it
Allow yourself
To be wild
(Let yourself go wild..)
I want to taste you
I want to feel you
I want to touch you
Deep down inside
To show you
It's not so bad
(Let yourself go wild..)
I want to taste you
I want to feel you
To show you
It's not so bad
Let yourself go wild
