

Jason Mraz, Better

it's something like i apologize
it's something i still can't decide

but i know it gets better
it only gets better

and i want to say that it's not always easy
but it's simple that way
and i want to stay and play it out
but i still have my doubts

so you say it gets better
it only gets better
better this way
better, maybe it's better this way

beautiful things they never stay, oh, the same way
and they pass, oh they pass away
they always change
but who are we is who we are
oh and the act of love can get us so far
so good i wish you would
think twice on me
cause it only gets better

it only gets better
it's better this way
it's better, maybe it's better this way
just give it up some time
just give it lots of space
just give it up some time
it's better this way
just give it up some time
just give it lots of space
maybe it's better this way

so better
it's better this way
baby, it's better this way
just give it up some time
just give it lots space
maybe, yes maybe, yes maybe, yes maybe
it's better, so, this way
if you promise me you'll always be better
better
