

Jason Mraz, Coyotes

I'm sipping coffee at a quarter to two
Awake and I'm dialing and my mind's running to you
No wonder I'm a one-woman man
She keeps my heart in a jar in a nightstand
I should tell her that she couldn't be more
Opposite than a foot in the door
There's no one else I would rather go out with
It's hell when I see them standing there
Me and my mouth we don't mean to be rushing
We talk about thee freely cause we crushing
I'm gonna shake both sides of the butt, yeah
Theoretically yes ain't we lucky

And when the coyotes they sing in the park
That's when the city life starts falling for the sea
Winding roads are winding down
And the flying men will hit the ground
Every notion is closer to touching
The coyotes sing when they call on your loving

We're coming back for more
You know why, we're coming for you
You know we should be
We should be together
Cause once we rock, we won't wanna stop
Not today or tomorrow
(Not today or tomorrow, oh no)
You better lock your doors
You know why, cause we want you
Cause we like you alotta

I wish the wild was alive like you
I wish the wind would blow me through
Another opportunity to approach you
Another telepathic rendezvous
I wish you well with your weapon of jargon
You've got a double sided lexicon
I gotta try to keep your attention
Gotta write using less emoticons
Gotta figure out the snooze alarm
I wanna lay in your place 'til dawn
I wanna play in the park, come on
Now let me see your other upper echelon

And when the coyotes escape to New York
Then the city life has crumbled to the sea
And the girls will fall to the lost and found
The flying men will hit the ground
Every notion is closer to touching
The coyotes sing when they feast on your loving
I'm a coyote and I got a taste for your loving

We're coming back for more
You know why, we're coming for you
You know we should be
We should be together
Because once we rock, we won't wanna stop
Not today or tomorrow
(Not today or tomorrow, oh no)
Because once we rock, we won't wanna stop
Not today or tomorrow
We're coming back for more
You know why, we're coming for you
You know we should be

We should be together
Cause once we rock, we won't wanna stop
Not today or tomorrow
