

# Jason Mraz, You And I Both (Live)

Was it you who spoke the words that things would happen but not to me  
Oh things are gonna happen naturally  
Oh taking your advice I'm looking on the bright side  
And balancing the whole thing  
But often times those words get tangled up in lies  
And the bright lights turn to night  
Until the dawn it brings  
A little bird to sing about the magic that was you and me

Cause you and I both loved  
What you and I spoke of  
And others just read of  
Others only read of the love, the love that I love.

See I'm all about them words  
Over numbers, unencumbered numbered words  
Hundreds of pages, pages, pages for words  
More words then I had ever heard and I feel so alive

Oh then,  
You and I, you and I  
Not so little you and I anymore, mmm...  
And with this silence brings a moral story  
More importantly evolving is the glory of a boy

Cause you and I both loved  
What you and I spoke of  
And others just read of  
And if you could see me now  
Well I'm almost finally out of  
I'm finally out of  
Finally deedeedeedee  
Well I'm almost finally, finally  
Well I am free

And it's okay if you have to go away  
Oh just remember the telephone works both ways  
And if I never ever hear it ring  
If nothing else I'll think the bells inside  
Have finally found you someone else and that's okay  
Cause I'll remember everything you sang

Cause you and I both loved what you what I spoke of  
and others just read of and if you could see me now  
well I'm almost finally out of.  
I'm finally out of, finally, deedeededede  
well I'm almost finally, finally, out of words.
