

Jay-Jay Johanson, Kate

It's nice of you to call me
When you know I'm out on tour
I will be gone for months now
And I've told you this before
Just a little patience
And i'll soon be back again
Oh Kate I have to go now
Cause the crowd calls out my name

Yes of course I miss you
And it's great to hear your voice
But we're in the middle of soundcheck
I can't speak for all the noise
Just a little patience
And I'll soon be back again
Oh Kate I have to go now
Cause the crowd calls out my name

Oh it's you again
No I just can't talk right now
The pressconference has started
Of course I'd like to be with you
But How
Just a little patience
And i'll soon be back again
Oh Kate I have to go now
Cause the crowd calls out my name
