

Jay Sean, Maybe

BEEP BEEP

oh look now there goes my phone and once again am just hoping its a text from you (mmmm)
It aint right read your messages twice thrice four times a night its true

(Everyday i patiently wait)

feeling like a fool but i do anyway (nothing can feel as sweet and as real) coz knowing i was waiting

Chorus

And maybe its true its all about you

maybe theres a chance that your stuck on me too

and maybe am wrong its all in my head

maybe it'll wait til were both having sex

im always connected online i turn facebook on all the time hoping you've checked my profile

just cannont wonderin why you play it cool but still im hopelessly fallin for you

everynight on the phone i help with you and that lonely looking girl

all joking aside lets see you and i come out and say what were trying to hide

Maybe its true its all about you and maybe theres a chance that your stuck on me too

and maybe im wrong its all in my head

maybe it'll wsit til were both having sex

Look i really want you

i think i need you

baby i miss you

im thinking off you

look i really want you

i think i need you

baby i miss you

im thinking off you

Maybe its true its all about you and maybe theres a chance that your stuck on me too

and maybe im wrong its all in my head

maybe it'll wsit til were both having sex

Maybe its true its all about you and maybe theres a chance that your stuck on me too

and maybe im wrong its all in my head

maybe it'll wsit til were both having sex

maybe it is true..baby i miss you...im caught up on you...look i really want you...maybe i am wron..b
