

JayMay, You are lokkin' old

I'm overwhelmed with emotion
I'm overwhelmed in D
I've got 500,000 things on my mind
Goin' 500,000 speeds
The shower-head is beyond broken
The water's freezin' cold
I'm in my blanket on your bed
And you are lookin' over at me
For 2 years I avoided you
I wonder why, sometimes
I'm too ashamed to admit reasons
Stars were not aligned
I remember walkin' 'round with my hands
Clenched in two tight fists
2 years is 2 years too long to resist you
So why did I resist?
I'm on the brink of somethin'
So you may listen in
I'm not insincere at all
They were all, they were all...
Kiddin' when they told you
I had banished you from thought
I never could not think of you
This pair of shoes I bought
Reminded me of "Art Land"
With nobody at the bar
To watch you throw my clog
Upon the floor
Where dancers usually are
I'm on the brink of somethin'
So you may listen in
I'm not insincere at all
They were all
They were only kidding!
