

# Jeanette, Rebelution

Making my way, baby  
Nothing can't stop me, baby  
Now I'm going straight  
(Rebel-lution)  
Won't play by rules, baby  
Thinking with my head, baby  
I'll go against the flow

Baby, I couldn't live like you want me to  
Baby, got to be true, and I'm gonna do

Get out my rebelution  
Get out, get on  
Break out, I'm not a loser  
Stand up, hands up  
Get out my rebelution  
Get out, get on  
Straight up, I am a fighter  
Stand up, hands up  
I keep livin' my live  
'cause I'm a special girl ? got it?  
Get out my rebelution  
Get out, get on

I can see through, baby  
Try to remember, baby  
So freedom is my way  
(Rebel-lution)  
I like myself, baby  
I'm no yes-man, baby  
You must be brave right now

Baby, I couldn't live like you want me to  
Baby, got to be true, and I'm gonna do

Get out my rebelution  
Get out, get on  
Break out, I'm not a loser  
Stand up, hands up  
Get out my rebelution  
Get out, get on  
Straight up, I am a fighter  
Stand up, hands up  
I keep livin' my live  
'cause I'm a special girl ? got it?  
Get out my rebelution  
Get out, get on

My rebelution

Get out my rebelution  
Get out, get on  
Break out, I'm not a loser  
Stand up, hands up  
Get out my rebelution  
Get out, get on  
Straight up, I am a fighter  
Stand up, hands up  
I keep livin' my live  
'cause I'm a special girl ? got it?  
Get out my rebelution  
Get out, get on

My rebelution, baby

I keep livin' my live  
'cause I'm a special girl ? got it?  
Get out my rebelution  
Get out, get on
