

# Jeannie Ortega, Live It Up

Come on  
Live it, Live it  
Can't believe I made it to another day  
Who woulda' that my life can turn this way  
Sitting here thinking what I'm gonna do  
Do I give up, not with everything I'm going through  
But I won't cuz it isn't worth the time  
Stay standing still, when without this I'll be doing fine  
I must see the past and remeber it'll get better  
Look up higher and do my best  
Not today, not now  
I won't fall  
So if you're feeling down  
Why keep pressing on  
[Chorus]  
Live it up, live it up, gotta live it up, live it up  
Cuz it isn't worth your cries  
Live it up, live it up, gotta live it up, live it up  
Cuz the sun's gon' shine  
Live it up, live it up, gotta live it up, live it up  
Just let loose tonight  
Live it up, live it up, gotta live it up, live it up  
Let's make the best of life  
The worst is done, so just let it free  
Sing to your song and just feel the beat, oh, oh  
Don' ever feel that it's wrong to dream  
Just live it up, make it your party  
Grab your friends, do the most that is right  
Don't look ack cuz you'll lose the fight  
Shake it off if you fell the vibe  
Do what you do  
And let go tonight  
Not today, not now  
You won't fall  
So don't bother feeling why  
Keep pressing on  
[Chorus]  
Hold your heart  
Every beat means that you're meant to be happy  
Don't lose yourself  
And don't give up  
All you gotta do is live it up  
I got one life to live  
And I'm gonna enjoy mine  
They say it's too short to spoil so I'm livin'  
It's up to me and I'm with it, I'm sizzlin'  
Hot to God bless, I'm young, I'm gifted  
So hey man can I get a witness,  
I'm livin' it up like I'm live in a club  
Gettin' it touch instead of gettin' it dubbed  
Cuz I switched it,  
This is the real little engine that could  
[Chorus x2]
