

# Jebediah, Happier Sad

Falling out again  
Just when everything was working out  
And it's all because of me  
Cos I like the way it feels to live in doubt  
It's high time I start to learn  
To live my life with a poker face and then  
All these emotional feelings I can't ignore  
Aren't on display to the whole world anymore  
Am I Happier Sad?  
It's all over and done  
And I'm warm inside my melancholy mind  
Kinda feels secure  
The best cure for a heartache I can find  
[Pre Chorus]
