## Jedd Hughes, All Mixed Up

Leave it to me Turnin' nothin' into somethin' Nothin's workin' out just fine More than a dream I'm thinkin' things I shouldn't Knowin' that you'd never be mine

Chorus: Oh, I'm a fool For fallin' for your kisses And Iosin' at your little Iovin' games Ah ooh, I didn't see it comin I guess I let my heart get in the way Talk of the town Foolin' around For you I guess it wasn't enough

Oh, I wasn't thinkin' I got it all mixed up with love

Alone in the night I hear the wind a singin' Ringin' out the sound of your name I know you were right Our hearts were made for breakin' Now the price of love is feelin' the pain

Repeat chorus twice

Oh, I wasn't thinkin' I got it all mixed up with love
