

Jeff Healey, My Life Story

Well I tried so hard,
and still I don't know
how to turn this page and
learn to let you go.
I live this book I
know how it ends.
It brings me back to you.
It's like a movie where
I play a part,
about a guy who is prison
by his lonely heart.
For the first time
he is where he wants to be.
It's just that way whit you.

CHORUS

Yeah you
your my life story
everything is all about you
your my life story

I used to think
I never meet someone.
Like a classic hero
who comes undone
as the bottom falls
and he falls in love.
That someone it's you,
but I was so confused,
doing secure knowing if
I really loved you,
but now I'm sure
happy ever after, like a fairytale
thats how I am with you.

Yeah you
your my life story
everything is all about you
your my life story

A story that's true and real,
that's exactly the way I feel

Yeah you
your my life story
everything is all about you
your my life story
