

# Jeff Scott Soto, Believe In Me

Just relax & stay a while  
I feel the need 2 show u my design (my design 4 u)  
Ease concern, my curious child  
I plan 2 take u 2 a whole new world (new world just 4 2)

If u believe in me 2night  
U're not the vow that I will fight  
2 do everything I need 2 make u understand (this I swear 2 u)  
Sacred as everything I feel  
I am the love that u must steal  
& 2gether we can seek the promised land

Nothing I won't do (oh no, my love)  
My love belongs 2 u  
Say u wanna come along with me 4 a ride  
Tell me that u wanna know the meaning inside  
U'll never really know  
I'll never let u go  
All the signs r there 2 let me in  
I feel the time is right, now let begin

In the shadows of divine  
I live 2 hold your body 2 close 2 mine (each & every day)  
I owe it all 2 the wishing well  
I used 2 doubt, but any fool can tell (what more can I say?)

If u believe in me 2night  
U're not the vow that I will fight  
2 do everything I need 2 make u understand (this I swear 2 u)  
Sacred as everything I feel  
I am the love that u must steal  
& 2gether we can seek the promised land

Nothing I won't do (oh no, my love)  
My love belongs 2 u  
Say u wanna come along with me 4 a ride  
Tell me that u wanna know the meaning inside  
U'll never really know  
I'll never let u go  
All the signs r there 2 let me in  
I feel the time is right, now let begin

Won't u let me in 2 the dreams u know so well  
& as far as I can tell?  
U can believe in me, believe u me  
I could never let u down, I will always b around  
Believe in me

If u believe in me 2night
