

# Jefferson Airplane, In Time

Long time since I climbed down this mountain before  
Things I've seen here make me want to go running home  
Lean close put your lips next to my face  
Look further on past the surface  
Orange, blue, red & green  
Are the colors of what I feel  
And my mind y'know it starts to reel in time  
To know your flesh layin' by my skin  
And I wonder whenever I'm in  
Warm, soft, nice & now  
Are the word things of what I know  
And my body y'know it's so in time  
I see you at the same place that I play  
Ah darlin' tell me what can I say  
Dance, sing, sleep& dream  
Is the music of what I feel  
Among the many things whenever you're near in time  
Come with me my friend  
Come on now and take my hand  
You can be my friend  
Soon be in another country
