

Jefferson Airplane, In Time

Long time since I climbed down this mountain before
Things I've seen here make me want to go running home
Lean close put your lips next to my face
Look further on past the surface
Orange, blue, red & green
Are the colors of what I feel
And my mind y'know it starts to reel in time
To know your flesh layin' by my skin
And I wonder whenever I'm in
Warm, soft, nice & now
Are the word things of what I know
And my body y'know it's so in time
I see you at the same place that I play
Ah darlin' tell me what can I say
Dance, sing, sleep & dream
Is the music of what I feel
Among the many things whenever you're near in time
Come with me my friend
Come on now and take my hand
You can be my friend
Soon be in another country
