Jehro, Mama

Mama sat down and spoke today While there's life There is hope, it's comin' your way Listen to me Oh just hear the words I say

Mama tells me I'm like those fools Clammed up tight Holding back what they should say Pressure building up the storm Is gonna break some day

Walk, walk Towards the rainbow Learn from all your trials on the way Stormy weather never lasts Oh-oh-oh-oh you'll see

Mama tells me don't feel no shame Fly too high, and your wings get burnt away Tou're not the first So don't fear to try again

Mama tells me you shouldn't scorn Tourself for the lovers that you mourn Thaht you fond scars They're still a part of who you are

Walk, walk Toward the rainbow Learn from all your trial on the way Stormy weather never lasts Oh-oh-oh-oh I see.
