

# Jem And The Holograms, Take It Or Leave It

Don't like the way I act  
Girl you better face the fact  
You can wait a long while I'm not about to change my style  
This is me how I like to be take it or leave  
I am free how I like to be take it or leave it  
What you get is what you see  
You better believe it  
Take it or leave it

You think I'm a big disgrace (who who)  
Why don't you get of my case? (who who)  
You say I'm the hurting kind  
Girl you otta keep in mind  
This is me how I like to be  
Take it or leave  
What you get is what you see  
You better believe it  
Take it or leave
