

Jem, It's Amazing

Come with me
I want to show you something
You don't see
You've given up trying
Watch the leaves
Rustling in the wind
The summer breeze
That's living and dying
Ah, Ah

Come with me
Remember when you were
So carefree
Laughing not crying
Spin around
And listen carefully
Can you hear the sound
Of living and dying

It's amazing, it's amazing, this amazing life
It's amazing, it's amazing, this amazing life

Come with me
Stop making it so hard
You can be
Laughing not crying
Nothing's changed
Just got to recognise
That it's a game
Of living and dying
Ah, Ah

It's amazing, it's amazing, this amazing life
It's amazing, it's amazing, this amazing life
It's amazing, it's amazing, this amazing life
It's amazing, it's amazing, this amazing life

Come on now baby please
Just look around
Look around it's there
It's good to feel alive
Feel alive, feel alive
This amazing life

It's good to feel alive
Feel alive, feel alive
This amazing life
This amazing life
Relax it's easy, relax it's easy
This amazing life

Come on now baby please
This amazing life
Come on, come on, come on with me
Relax it's easy, relax it's easy
Look around, look around
