

# Jem, Keep On Walking

The world's got so dark I need  
some guidance to see  
'cause this pain in my heart is  
taking everything from me.  
It is true that love makes the  
world go round  
Please give some love to me  
'cause I'm feeling so alone  
right now, it's suffocating me.  
God give me strength  
to keep on walking  
God give me strength  
to keep on, keep on  
God give me strength  
to keep on walking  
God give me strength  
to keep on, keep on  
The air's got so thick I find  
it hard to breathe  
And before have  
I felt so desperately in need  
I know that I must start listening  
to the voice inside of me.  
The truth is that when I speak to  
you, I hope to speak to me.  
God give me strength,  
to keep on walking  
God give me strength,  
to keep on, keep on  
God give me strength,  
to keep on walking  
God give me strength,  
to keep on, keep on  
Oooh, oooh, my darling  
God is you  
God is you  
God give me strength,  
to keep on walking  
God give me strength,  
to keep on, keep on  
God give me strength,  
to keep on walking  
God give me strength,  
to keep on, keep on  
God give me strength,  
to keep on walking  
[God, keep on, keep on giving  
me strength]  
God give me strength  
to keep on, keep on.  
God, keep on, keep on giving  
me strength.  
(repeat)
