

# Jennie, You & Me (BLACKPINK)

You know I gotcha  
You know that I got you like that  
Ain't nobody gonna have your back  
like the way I do  
You love it just say you do

You know you got me  
Everything you do  
Everything you did  
Everything I wish I was with  
Makes me feel alright  
I'm just saying so

I really like it  
Nothing in the world can make me feel the way you do the things you do  
I really like it  
Nothing in the world can make me feel the way you do the things you do

I love you and me  
Dancing in the moonlight  
Nobody can see  
It's just you and me tonight  
I love you and me  
Dancing in the moonlight  
Nobody can see  
It's just you and me tonight

Look at you now look at me  
How you ever ever gonna find someone like this  
Look at you now look at me  
How you ever ever gonna find someone like this

You're the reason my heart skips drops  
Just a little touch my world stops  
Finally I know that you're mine  
I don't want to fall  
Don't wanna play this game of love oh eh oh  
There's nowhere to hide

I really like it  
Nothing in the world can make me feel the way you do the things you do  
I really like it  
Nothing in the world can make me feel the way you do the things you do

I love you and me  
Dancing in the moonlight  
Nobody can see  
It's just you and me tonight  
I love you and me  
Dancing in the moonlight  
Nobody can see  
It's just you and me tonight

Look at you now look at me  
How you ever ever gonna find someone like this  
Look at you now look at me  
How you ever ever gonna find someone like this

I don't care about your first love,  
This should be your last one  
Nothin' like your last one  
You look better on me, that's fashion  
Won't block your shot, lights camera action  
Never been a love me or a love me not thing

Every petal better tell him better not change  
I love you I love me a lot, wait  
Which one I love better, better off not saying
