

Jennifer Hudson, All Dressed Up In Love

When you can wear what you feel
What do you wanna say?
Now love is a little number that you can wear each day
As long as you let me be the accessory
Simply send me on my way
'Cause I love love
I look good in love
When its been out of sight and out of mind for such a long time
Thats how one forgets
So I reached in the back of my closet, pulled it out
And tried it on and it still fits
Some cover their pain up with lots of MAC make-up
But I cant help but blush
Because Im in love
All dressed up in love
(Chorus)
Cool in the summer, warm in the winter
Im all dressed up in love
And Im cool in the summer, warm in the winter
Cuz Im in love
All dressed up in love
People are looking, some people staring
I dont know it, when they ask me what Im wearing
See this ole' thing, its made for any weather
My friend and I sit down and we both make it together
Now if you really want one of your own
I hope your shoes are made for walking
Cuz I found love, and you must find love
(Chorus)
Cool in the summer, warm in the winter
Im dressed up in love
Im cool in the summer, warm in the winter
'Cuz I found love,
And you must find love
