

Jennifer Kae, 1000 miles per hour

Stop, forget everthing you know,
take a big step back and everthing will follow
Start from the top, you need to let things go
Coz the big, bad world makes you feel very little
get outta here
I've been stucked in the middle
Round and round you're falling
And I can't stop myself
So I'm living without warning
Ref. Coz there is no compromise
You can't stop me if you try
You see I'm gone
1000 miles per hour
and I'm holding out my hand
come and grab it if you can
You see I'm gone 1000 miles per hour
1000 miles per hour
Lost and waiting to be found
dig deep inside and turn it all around
Is it just because, you never realised
Coz you gotta do the best with what you've been giving
Pick yourself up, coz you gotta start living
Round and round we're spinning
It's not hard to stop yourself
So let's start from the beginning
Ref. And there is no compromise
You can't stop me if you try
You see I'm gone
1000 miles per hour
and I'm holding out my hand
come and grab it if you can
or I'm gone 1000 miles per hour, 1000 miles per hour
Day after day after day
If you're looking for signs, then open your eyes
Coz we all need a little help sometimes
Just a little bit of help sometimes
And there is no compromise
You can't stop me if you try
oh no
1000 miles per hour
I'm holding out my hand
come and grab it if you can
or I'm gone
I'm gone
1000 miles per hour
1000 miles per hour
1000 miles per hour
1000 miles per hour
