blazin' squad

(chorus)

Call me baby, we can get hot  
Come and get my love girl the wire  
1, 2 watcha gonna do?  
stay at mine, sounds fine  
Say your gonna feel me, baby that can thrill me  
up and down  
round and round  
call my number; we'll make love on the line

I know you gotta go away, for quite a while  
But you can pick the phone up and you can dial  
And when you're feeling lonely, i can see you right through  
And if you tell me that you want it  
Then i can make love on the line with you

I'm gonna miss your body, perfume on your skin  
You say you're gonna feel me, girl that can thrill me  
Cos you can call me anytime  
For love on the line  
(love on the line)

(chorus)

We can chat all night and day girl  
When i'm home or away girl  
Just give me a call on my line girl  
You can be all mine girl  
And when we are talking i picture your eyes on your pretty face  
With gloss on your lips, soft mm, skin  
And the body i'll embrace

(Q-Tez)

Just make love to me  
Is only form i praise you  
Just make love to me  
Is only form i praise you  
Just make love to me  
Is only form i praise you

Just make love to me  
And give it to me the way you wanna  
And everything you ask of me, you know i'm gonna  
Cos you can be all mine any time  
(any time)  
For love on the line  
(love on the line)

(Chorus)

When i wake you in the night  
Girl i'm gonna do you right  
We can live a fantasy  
and love bo wo

Imagine that i'm touching you baby

For love on the line
