don't get got
heard you got a bad rep
baby
don't ya?
woo!
i can be a lot
don't you ever say I never warned ya
who's gonna show me now?
who been in my bed and around your homies
I can be a lot
of you don't believe me
I can show ya

don't go thinkin' you can use me
it don't take mtoo much
you can lose me
best believe I'm coming
true wih a new thing

og you ain't been trhe only one
I send shots like an Uzi Boy
even in plain sight
don't care who see
best believe I'm comin true whie a new thing
you ain't been the only one

think you need some medicine
i can be your medicine
think you need some medicine
give you a taste of what you give out
think you need some medicine
I can be your medicine
think you need some medicine
give you a taste of what you give out
