

# Jennifer Love Hewitt, First Time

When I look at you  
Baby I'm amazed after all we've been through  
All that I can say is there's no perfect plan and no finish line  
We just learn to fall and get back up in time  
Didn't think we'd make it so glad  
We didn't break up now we're good together and stronger than before

It's not complicated  
And I wanna celebrate it  
Cause it feels like the first time  
When you walked into the room and  
I can't believe we made it  
When all around this love is fading  
When you look into my eyes  
It feels like the first time again

We stood out on the bridge  
And everywhere in between  
Pushed it to the edge  
Ain't never lost your faith  
You proved that we were strong  
And I'm glad you did  
This is something that I can't believe I could of miss  
We don't have to try hard now that we've come this far we're just living  
we're on the other side of this

It's not complicated  
And I wanna celebrate it  
Cause it feels like the first time  
When you walked into the room and  
I can't believe we made it  
When all around this love is fading  
When you look into my eyes  
It feels like the first time again

You oughtta know by now  
I'd do it all again  
If you would lead me too  
All that I have with you  
Oh  
Do....

Didn't think we'd make it so glad  
We didn't break up cuz we're good together and stronger than before

It's not complicated  
And I wanna celebrate it  
Cause it feels like the first time  
When you walked into the room and  
I can't believe we made it  
When all around this love is fading  
When you look into my eyes  
It feels like the first time again
