

# Jennifer Love Hewitt, Never A Day Goes By (Acc

never a day  
even though we're heart to heart  
i know you wonder when we part  
do i start to lose my desire for you?  
will tomorrow be like tonight?  
will i always treat you right?  
will love go on forever?  
WELL

never a day goes by, not a night that i  
could live my life without you.  
never a day goes by, theres no time when i  
can ever forget what you mean to me.  
never a day goes by that your not on my mind (never)  
i see the doubt there in your eyes  
you wonder if i realize there will come a time when  
i'll be tired of you ,you say attraction's temporary  
this passion momentary  
and that won't keep us together  
BUT BABY...

never a day goes by not a night that i  
could live my life without you  
never a day goes by theres no time when i  
can ever forget what you mean to me  
its the purest affection could ever be  
never a day goes by  
when your not on my mind

on my mind  
every day and every night  
that comes i wanna be in your arms  
cuz what i say is true, this love is for you  
all for you, i want this love to go on forever

never a day goes by not a night that i  
could live my life without you  
never a day goes by theres no time when i  
can ever forget what you mean to me  
its the purest affection could ever be

never a day goes by when your not on my mind  
never ou ou never a day goes by that your not on my mind  
when your not on my mind ohh no  
never a day goes by that your not on my mind  
never a day goes by never a day goes by ...
