

# Jennifer Love Hewitt, Stronger

I'd like you to meet the girl they call next door  
You'll know cuz you've seen her face before  
He left you when he broke your heart in two  
You don't know if you'll ever make it through

He had to go and leave you all alone  
I promise your much better on your own  
Take it from me cuz I've been there  
I once had a man who didn't care

Promise myself that I'd never love again  
I've been hurt, I've been blind and thats the end  
I've thought, I've cried, I've bled  
For the love that never has been said

He'll love you, he wont love you  
But you've got to  
Cuz your stronger that you were before  
He'll be there, he wont be there  
But you've been there  
And your stronger than you were before

Take a minute, make a new plan  
Take a while, before a new man  
Find the one that I adore  
But better yet the one who loves me more

Girl to Girl I know we've all been there  
In the mirror I know that we've all stared  
To find a place thats within our hearts  
Never let your soul and spirit part

He'll love you, he wont love you  
But you've got to  
Cuz your stronger that you were before  
He'll be there, he wont be there  
But you've been there  
And your stronger than you were before

Girl I know that you'd feel better if you cry  
But you well be stronger if you look inside  
Love doesn't always mean that you'll see eye to eye  
But great love will always help you learn to fly

You can hold him close and let him kiss you  
But just not to tight hes gotta miss you  
Make a love that you know your heart will preserve  
your the life that all of us deserve

And he will

He'll love you, he wont love you  
But you've got to  
Cuz your stronger that you were before  
He will be there, he wont be there  
But you've been there  
And your stronger than you were before

He'll love you, he wont love you  
But you've got to  
Cuz your stronger that you were before  
He will be there, he wont be there  
But you've been there  
And your stronger than you were before
