

Jennifer Paige, Baby, I Don't Care

Well you can give me all your love
And anythingelse you've got to
But dont hate it every night
If it seems like im acting cool
Well you can kiss me in you mirror
Gimme kisses forever, everyday yea
But there's just one thing here, you dont have to say

Cos you dont have to say you love me
And you dont have to say you care
No you dont have to say you love me
Baby its alright

Chorus
Cos hunnie i dont care
Oh baby i dont care
Oh hunnie i dont care
Oh hunnie i dont care

Well you can turn the lights down low
Cos some things are better that way yea
And you can tell me all your stories
But please spare me your face

Cos you dont have to say you love me
And you dont have to shed them tears
No you dont have to say you love me, baby its alright

Chorus
Cos hunnie i dont care
Oh baby i dont care
Oh hunnie i dont care
Oh hunnie i dont care

Well you can give me all your love
And anythingelse you've got to
But dont hate it every night if it seems like im acting cool
Well you can kiss me in your mirror
Gimme kisses forever, everday yea
But there's just one thing here, that you dont have to say

Cos you dont have to say you love me
And you dont have to say you care
No you dont have to say you love me, baby its alright

Chorus
Cos hunnie i dont care
Oh baby i dont care
Oh hunnie i dont care
Oh hunnie i dont care
Oh hunnie i dont care
Oh hunnie i dont care....
