

# Jens Lekman, Your Beat Kicks Back Like Death

(Saying in Swedish: Det hr r en lt av Scout Niblett)

We're all gonna die, we're all gonna die.

We're all gonna die, we're all gonna die.

We don't know how and we don't know when.

We don't know how and we don't know when.

We're all gonna die, we're all gonna die.

We're all gonna die, we're all gonna die.

Your beat kicks back like death, and your beat kicks back like death

Your beat kicks back like death, your beat kicks back like death

We're all gonna die, we're all gonna die.

We're all gonna die, we're all gonna die.

We don't know how and we don't know when.

We don't know how and we don't know when.

We're all gonna die, we're all gonna die,

We're all gonna die, we're all gonna die,

We're all gonna die.

(Saying in Swedish: Tack)
