

Jeremih, I Think Of You (ft. Chris Brown, Big Sean)

I give the best that you ever had
Gave you one dose and got you addicted
I could own that, all night and all day
Say you on my plate, girl
You so delicious
Last night we had a good time getting faded
Wake up in the morning
You was gone
It been on my brain all day replaying
Like we had it on record
I miss every minute
I take plenty chances
My love for you has been a damn dimension
<More than you image
O want all of them kisses
Mistletoe before Christmas
If you ain't got it
Don't get it
If you got time
It's no limit

Baby, won't give me something that I wanna do
When I see the sun set
I think of you
You're all I want too
Let's parties by my nightstand
Now, I think of you
I think of you

[Chris Brown]

Baby, won't give me something that I wanna do
When I see the sun set
I think of you
You're all I want too
Let's parties by my nightstand
Now, I think of you
I think of you
