

# Jeremy Spencer, Love Our Way Outta Here

Written by michael fogarty.

If you're looking for escape, well  
Don't you feel afraid  
There are others in this life that  
Also feel the same  
Yes, I too am looking for love  
Together we could be  
Let us take a step of love into eternity.

Chorus:  
Come, are we too blind to see  
Come, and take a step with me  
Come, are we too blind to see

Let's love our way outta here.

C'mon get ready for heaven's sake  
Because the time is drawing near  
And there is no reason  
For us a stayin' here  
And I too am looking for love  
Together we could be  
Let us take a step of love into eternity.

Chorus:  
Come, are we too blind to see  
Come, and take a step with me  
Come, are we too blind to see  
Let's love our way outta here.
