

Jerk, Injection Of You

Piss on piss,kiss on kiss,it's a simple math,that on this.
Spit on spit,take this hit,i'll make you a deal,you give and you get.
My desire,your flesh on fire,put me out.im not tired.
Greed on greed,the more i need,lie to your body,pretend to breed.
You're in my blood now my veins turn blue.
I he get my biggest rush from an injection of you.
Feel like a child,naked and wild,your body's my playground where pure is defiled.
Sweat on sweet,the more i get,jump in the fire this ain't over yet.
I can quit any time
I can quit any time i want to.
