

# Jerry Lee Lewis, Fools Like Me

Everybody tells me love is blind maybe so but I refuse to see  
Everybody tells me the things you do I don't care cause I'm a fool for you  
It doesn't really matter what you are it only matters what you are to me  
And if it's I'm not wise enough to see but with love be without fools like me  
[ piano ]  
Maybe lovin' you that's not so smart and maybe bein' you break my heart  
I really should've loved you but I'd knew and I keep stop cause I'm a fool for you  
I only hope this kind of love is real cause I can't ever change the way I feel  
And maybe maybe I'm not wise enough to see but with love be without fools like me
