

# Jerry Lee Lewis, Rockin The Boat Of Love

Rockin' the boat of love  
Mann

Stormy sea has got a hold of me  
All he had to do was smile at you  
You just stopped and started moving around  
Rockin' the boat of love

Just a castaway, a-searching for  
A beacon light upon the shore  
You left me a-drift on stormy sea  
Rockin' the boat of love

Never thought I'd ever feel this way  
So alone and blue, always missing you  
Stormy seas are driving me to drain  
Now, baby don't you keep on hurtin' me  
Rockin' the boat of love

Oh, I never thought I'd ever feel this way  
So alone and blue, Lord I don't know what to do  
Stormy seas are driving me to drain  
Now baby, don't you keep on your hurting me  
Rockin' the boat of love  
Rockin' the boat of love  
Rockin' the boat of love
