

# Jerry Reed, Hallelujah I Love Her So

Let me tell you bout a girl I know she's my baby and she lives next door  
Every morning when the sun comes up she puts my coffee in my favorite cup  
That's why I know yes I know hallelujah I just love her so  
When I'm in trouble and I need a friend I know she'll stick with me untill the end  
Everybody asks me how you know I smile at them and say she told me so  
That's why I know yes I know hallelujah I just love her so  
And when I call her on the telephone say her honey Jerry's all alone  
By the time I count from one to four I hear her on my door  
In the evening when the sun goes down when there ain't nobody else around  
She looks at me and she holds me tight and tells me Jerry everything's all right  
That's why I know yes I know hallelujah I just love her so (pick it son)  
[ guitar ]  
And when I call her...  
Yeah hallelujah I just love her so hallelujah I just love her so
