

# Jersey, City Streets

I've been around and I've seen the worlds collide  
From the east coast to California  
I'm tryin' to live this dream and the streets won't take my name  
And I'll take life by the throat, f\*\*k you!

You might think that we've got it made  
And the crowd is huge and they're calling our name  
But for now I'm alone in this city tonight

All alone, these city streets are cold  
Another night my pockets all turned out
