

# Jersey, This Town

Hollow, the devil's eyes  
Besiege and clever lies, he'll pull you under  
Won't let you up for air  
Try to reason, there's no fucking answer  
Try to leave he's like a fucking cancer  
No conscience, he doesn't get it, doesn't get it!

He's like a cancer, he won't let go  
He'll hit the bottom, and then come back for more  
No surrender, repeat offender  
He's got the courage, he's got the courage

Don't come calling now, when your two stone throws away from your own grave  
Your back's to the wall, you're at the bottom of the well  
2 bridges down, only one to burn  
I'm singin' now, 3 bridges down nothing left to burn

(Chorus)  
I've seen it. You said it. This town is burning down

He's living underneath. That black cloud down town  
If he comes around, it thunders and it pours  
Renelly makes a dirty living from cheating, double cross and stealing  
Heartless, no soul, he reeks of filth so I'm told

He's like a cancer, he won't let go  
He'll hit the bottom, and then come back for more  
No surrender, repeat offender  
He's got the courage, he's got the courage

Don't come calling now, when your two stone throws away from your own grave  
Your back's to the wall, you're at the bottom of the well  
2 bridges down, only one to burn  
I'm singin' now, 3 bridges down nothing left to burn

(Chorus)
