

# JES feat. Dj Tiesto, Imagination

Ooooo (x16)

I can tell in your eyes exactly where you go,  
cause I have been to every distant constellation,  
To see you again  
In the world of my mind,  
Theres nothing I wouldnt do,  
To cast away  
I know its like a trip for me too far,  
Moving foward, faster, into my imagination,  
Let it run, away with me,  
I know your love is perfect like the stars,  
When were together, here in my imagination,  
Let it run, away with me, away with me, away with me (fade)  
With every thought,  
The journey begins again,  
And we will go on,  
Chasing the endless box of creation,  
That holds me for hours,  
Theres a rising sun along the dark horizon,  
As Im driving through the ID  
Its like a trip,  
Into my imagination,  
Let it run,  
And you know your love is perfect,  
Here in my imagination,  
I let it run,  
Aaaawayyy witttth meee (x4),  
Let it run,  
Ooooo (x16)  
I know its like a trip for me too far,  
Moving foward, faster, into my imagination,  
Let it run, away with me,  
I know your love is perfect like the stars,  
When were here together, here in my imagination,  
Let it run, away with me, away with me  
Let it run,  
Away with me  
I let it run, run, run,  
Oooo ooo (x16)  
Away with me,  
Away with me
